COMPANY PROFILE

POWERFIRST TECHNOLOGY COMPANY LIMITED

Established in 2003, PowerFirst was created out from a big Lead Acid Battery manufacturer. Benefit from this background, we have a better understanding on how to design and manufacture qualified chargers, which are widely used for electric scooters, wheelchairs, golf carts and caddies, boats and yachts, electric trucks & lifts, electric forklifts, electric TUGs, cleaning sweepers and scrubbers, and other battery powered vehicles & equipment.

PowerFirst promise global leading quality with 2-year global warranty as well as more reasonable price and better customized service, so we have cooperated successfully with customers from more than 41 countries.

POWERFIRST TECHNOLOGY COMPANY LIMITED

20_{year}

Focus on charger
design&manufacture for
more than 20 years

41

Products sold to more
than 41 countries

500

Qualified supplier for
global fortune 500

3,000,000

Global sales exceeded 3
million pcs

Global Leading quality, More reasonable price.

Let's work together for a brighter future!

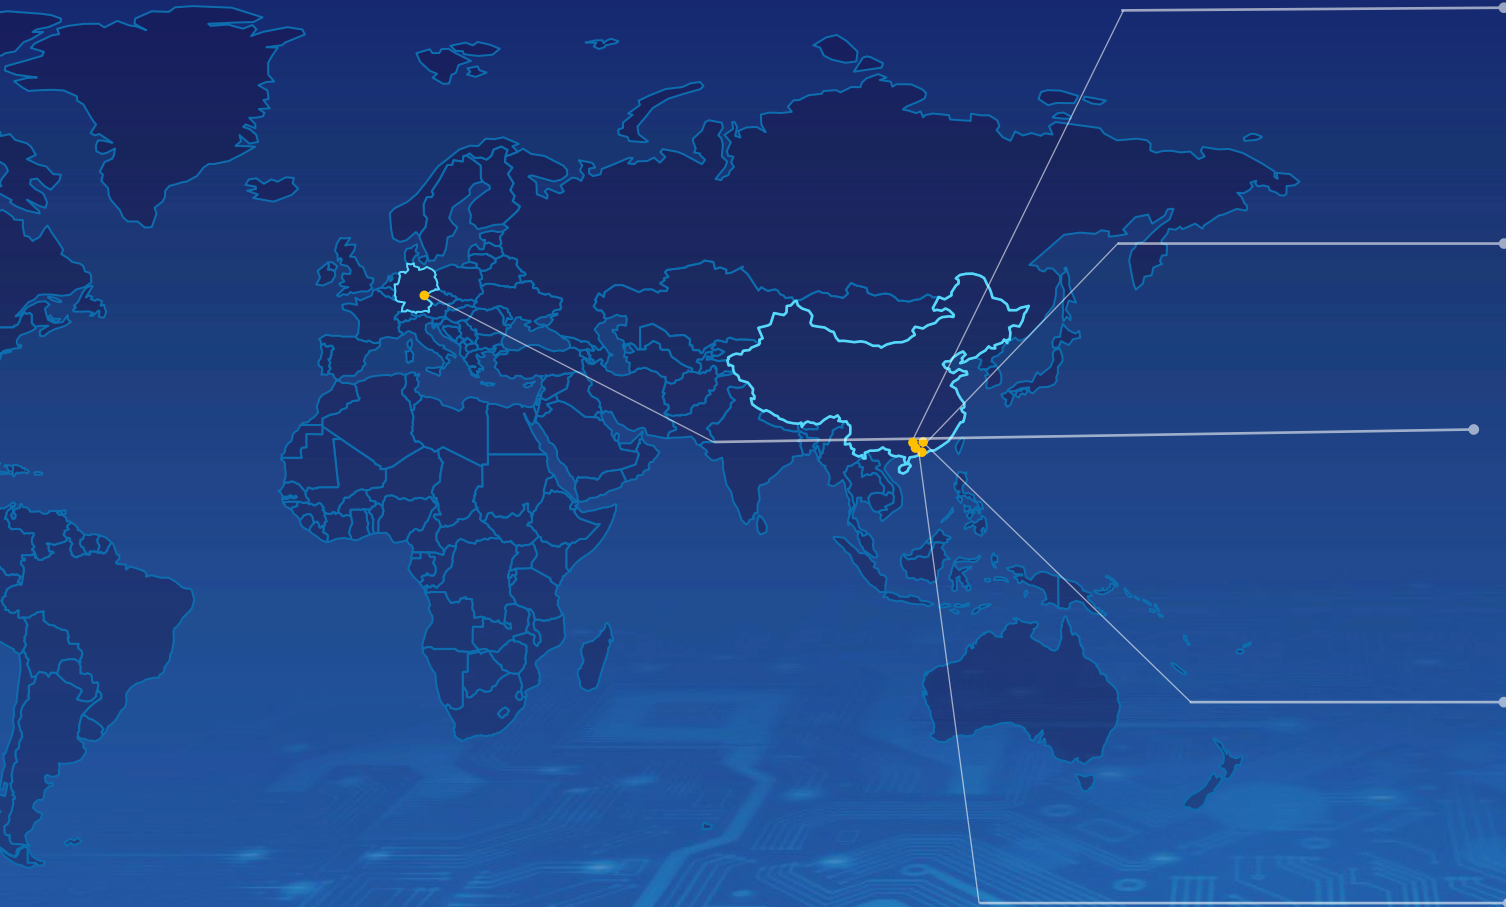

30+ Distributors

USA, Brazil, Canada, Mexico, Chile, UK, Germany, Norway, Denmark, Italy, France, Switzerland,

Sweden, Spain, Portugal, Hungary, Finland, Russia, Austria, UAE, Israel, India

Turkey, Saudi Arabia, Vietnam, Australia, Taiwan, Korea, Japan, Egypt, South Africa, Nigeria, etc.

MANAGEMENT TEAM

Duan, Kai
Executive VP

Mr. Duan holds Bachelor and Master degree of Electronic Engineering from Xiangtan University.

Prior to joining PowerFirst, Mr. Duan held the position of Chief Executive Officer at a State-owned company.

He is responsible for overall operations, engineering, OEM project control, product management.

Cai, Yuyou
Senior Vice President

Mr. Cai joined PowerFirst as Co-founder and Senior Vice President of R&D in 2008. He is responsible for driving the strategic decisions and development plans of products and technology.

Prior to joining PowerFirst, Mr. Cai held the position of R & D director at Taiwan Sys Gration Inc.

Mr. Cai holds a Bachelor and Master degree from Chengdu University of Technology.

Xie, Shengren
CTO

Mr. Xie joined PowerFirst as the CTO in 2016. He is responsible for development of products and technology innovation.

Prior to joining PowerFirst, Mr. Xie held the position of Vice President at Shenzhen Santak Co.,Ltd and engaged in research and development of various types of photovoltaic inverters.

Mr. Xie holds a Doctor degree of Electronic Engineering from Taiwan National Chiao Tung University.

Social Responsibility & Honor

SOCIAL RESPONSIBILITY

On July 15, 2016, we donated football sportswear and equipment to a middle school in Chishui, Guizhou, to form a middle school football team.

On Aug. 08, 2016, we donated RMB1.5 million to set up the “PowerFirst Award Grants” in Foreign Language School of Hunan University of Science and Technology to support those students who have financial difficulties in finishing his college.

On Sep. 10, 2016, we donated clothes and mattresses to children in a primary school in Tibet.

In March and April of 2020, PowerFirst donated more than 50,000 masks to our global clients for the COVID-19 prevention.

In Feb of 2020, we donated more than 2 million into 3 hospital for upgrading the PCR test Lab. to speed up and precise the PCR test.
